Autism Treatment Center

Chris Reasor presents a grant check to Autism Treatment Centers Director Heather Russell and researcher Dr. Carolyn Garver

Woodall Foundation is excited to report that a grant of \$5,000 has been made to Autism Treatment Centers of Texas. The funds will be used to purchase new equipment for important research being performed by Dr. Carolyn Garver. Our December tour

allowed us to interact with several children and teens that we had met on our previous visit. The difference in their quality of life and improved communication skills reinforced that we had made the right choice in fulfilling last years Autism grant request. These funds will enable the Autism Treatment Center to continue their incredible work.

Holland House Christmas Party

Woodall Foundation was again honored this December by being the beneficiary of the 14th annual Holland House Christmas Party. The event was held at the American Airlines Center Club with 500 guests in attendance. The celebration raised \$3000 with an additional matching grant from Mark Cuban. Guests enjoyed cocktails and danced to live music until the early hours. Thanks to Holland House organizers Tim Washington and Danny Bollinger for their continued support.

Bradfield Elementary Drive Beats Goal with 16,000 Diapers

This year's Bradfield Elementary Diaper Drive was a huge success with over 16,000 diapers being collected. The drive was once again organized by Bradfield Spanish teacher and Woodall Foundation board member Clorinda Pantely. The original goal for the drive was 7,500 diapers. Shortly after the drive began, it became obvious the goal would be surpassed by the eager students. Many used their allowance to purchase diapers for the children of Bryan's House, again recognizing the need to help those less fortunate during the holiday. Thanks to the Bradfield students and faculty who worked to make the 2003 diaper drive the best yet.

Martin Woodall, Bradfield Elementary students and Clorinda Pantely with the 16,000 diapers

Gilda's Club of North Texas Keeps on Giving

Chris Reazor presents a grant check to Gilda's Club of North Texas Director Susan Lindeman

Woodall Foundation awarded a \$5,000 grant to Gilda's Club of North Texas. Gilda's continues to be a valuable resource for those living with or affected by cancer. Gilda's offers a warm home-like environment and a "non-hospital" place for clients to manage their illness. The supportive staff and volunteers are on hand to offer a shoulder or just a smile. Gilda's continues to provide alternative forms of therapy like yoga and meditation. They also coordinate activities to take client's minds off their medical situation, such as painting and cooking classes. Woodall Foundation is very proud of the work Gilda's does for those in need.

Enclosed is my gift of support in the amount of \$50 \$100 \$250 \$500 \$ _____
