

Bryan's House Has a New Place to Call Home

The Bryan's House headquarters is now located at the new **Martin Woodall Foundation Building** on Pipestone Road in West Dallas. For over 10 years...thanks largely to a \$1 million grant from the Woodall Foundation...Bryan's House resided on 3.5 acres of land on Forest Park Road in Dallas. Having never developed much of the grounds beyond the main building, Bryan's House decided to sell the valuable land to make way for its development. As Bryan's House

continues to grow, an expansion of the mission statement now provides care for not only children with HIV and AIDS but also children with other medical needs. A second child care center has recently been opened on South Beckley Avenue in Oak Cliff with plans for additional satellite facilities currently underway.

Each year more than half a million babies are born premature. Some survive, while sadly others do not. The March of Dimes is committed to raise money to support professional education, prenatal wellness, research grants, family outreach and other programs in the community that help moms have healthy, full-term pregnancies. The Woodall Foundation was proud to support friends, Veronica and Avi Adri, whose twin boys were born premature last September. The 2012 Walk for Babies took place on April 21st at White Rock Lake and consisted of a 5 mile walk around the lake trail. In total over 40,000 participants representing over 400 local companies, helped raise \$3 million during this year's walk.
