

## Woodall Foundation visits Parkland's Burn Camp

On June 3, 2004 Woodall Foundation President Chris Reasor and board member Clorinda Pantely ventured 80 miles south of Dallas to attend Parkland Hospital's 11th annual summer camp for children, Camp I-THONKA-CHI. All of the over 100 children and many of the counselors are former patients of the Parkland's Burn Center in Dallas.

### ***I-THONKA-CHI: INDIAN FOR, A PLACE THAT MAKES ONE FEARLESS, STRONG, AND NOT AFRAID TO FACE LIFE***

After taking a camp tour and visiting with many remarkable kids during dinner, it was time to distribute 100 Woodall Foundation basketballs to the campers. Eyes soon lit up and in no time the sound of basketballs hitting the concrete floor filled the massive dining hall. This is such an exceptional group of children, and it was truly our honor to visit with them during their stay at camp. Thanks to Parkland Hospital and all the organizations and individuals who make this week of fun possible for the kids at **CAMP I-THONKA-CHI!**

## Autistic Treatment Centers Dedicate New Playground

*Chairman Martin Woodall visits the ATC playground dedication with 30 basketballs*

On June 3, 2004 Woodall foundation was honored to participate in the Autistic Treatment Centers new playground dedication. The playground was made possible in part from a Woodall Foundation donation funded last fall. The playground was designed around the needs of individuals living with autism. Much of the playground equipment offers a creative place for children to play and also serves as exercise in sharpening their motor and response skills. The Woodall Foundation is excited about its continued relationship with ATC.

### Woodall Foundation Plants "Roots" at Texas Discovery Garden

Texas Discovery Gardens is located at historic Fair Park in Dallas. Each year over 40,000 children participate in educational activities that teach the responsibilities of keeping a balance in their environment. Texas Discovery Gardens showcases beautiful native and adapted plants as well as thousands of beautiful butterflies. Look for more on Woodall Foundations participation with the Texas Discovery Gardens expansion project in the coming months. [www.texasdiscoverygardens.org](http://www.texasdiscoverygardens.org)

### Adopt a Child for Back to School @ Bryan's House

Even though the summer has just started, it's already time to start planning for the much needed school supplies for the children of Bryan's House. School supplies include various articles of clothing students may need to put their best foot forward at school. Anyone interested in adopting a child can contact Helen Zimba or Gayla Norman at Bryan's House by calling 214-559-3946. Thank you to all who help!

Enclosed is my gift of support in the amount of  \$50  \$100  \$250  \$500  \$
